# COMMITMENT STRENGTHENING ALLIANCES TO SUPPORT OUR PLEDGE OF ASSURANCE TO OUR PARTNERS

It has been our mission to provide high quality bespoke facade solutions alongside unparalleled customer service, accountability and commitment since MBM was founded by the Mueller family in 1964. We have strived to achieve these goals through sensitivity, innovation, and integrity. Our strength results in long and fruitful relationships with internationally renowned clients, architects and designers.

As MBM enters its fifth decade, we look forward to forging new alliances across the façade industry, whilst strengthening existing relationships with our partners.

# INNOVATION OVERCOMING NEW CHALLENGES WITH INNOVATIVE TECHNOLOGIES

In collaboration with award-winning architects and designers, we are able to create innovative facades using aluminium, glass, stone and steel on a worldwide basis. Our solutions stand out for their ability to meet new technical challenges, for their creativity and ability to respond to environmental demands.

Our close relationships with renowned raw material suppliers and our extensive experience enable MBM to realise and implement our clients' vision.

**Holburn Museum**  
Bath, England  
Architect: Eric Parry

An extension to the existing museum consisting of a handmade ceramic rainscreen and feature fins with an outer skin of low iron laminated glass.

MBM designed the complete outer façade with all of the bespoke structural supporting systems. The low level curtain walling and feature entrance complete the façade.
